

Picture Post

This month we have works done by **Linda Berry, Bill Usher, Jean Faulkner** and **Eric Bromley**.

Annual Exhibition at the Victoria Hall

The Exhibition seems to have been a great success. Once the small problem of how to move the stands to one end of the room each Saturday had been resolved, everyone felt that the extra "effort" involved was well worthwhile.

We had a visit by Charles McDonald of the North West Federation of Art Societies who acclaimed the standard and variety of work.

Soon after we completed the installation, **Roland** was asked by the

Victoria Hall if we would be interested in leaving the wall-hung pictures up as a permanent exhibition. This was put to their request. If this becomes a permanent exhibition, it will be changed in a similar way to the hospital displays.

All paintings left for this continuing exhibition will be mirror plated to the battens on the walls for security. A list of details of paintings and prices will also be displayed.

If you are not leaving your paintings up, then don't forget to collect them from the hall on Saturday morning.
